Sub: PRESS RELEASE - RAJOO ENGINEERS LTD TAKES A SIGNIFICANT LEAP IN PLASTIC CONVERTING TECHNOLOGY BY INVESTING IN A MAJORITY STAKE IN KOHLI PRINTING AND CONVERTING MACHINES PVT. LTD.

Ref: Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations)

Dear Sir/ Madam,

With reference to the provisions of Regulation 30 of SEBI Listing Regulations, please find enclosed herewith the Press Release issued by Rajoo Engineers Limited on the cited subject, contents of which are self-explanatory.

This is for your information and record.

Thanking you,

Yours faithfully,
For Rajoo Engineers Limited

Nikhil Gajjar
Company Secretary & Compliance Officer

RAJOO ENGINEERS LTD TAKES A SIGNIFICANT LEAP IN PLASTIC CONVERTING TECHNOLOGY BY INVESTING IN A MAJORITY STAKE IN KOHLI PRINTING AND CONVERTING MACHINES PVT. LTD.

In a move set to disrupt the status quo in production of flexible packaging materials, Rajoo Engineers Ltd invests in the majority stake in Kohli Printing and Converting Machines Pvt. Ltd., bringing together two engineering powerhouses to deliver smarter, faster, and more sustainable end-to-end solutions.

The synergy between Rajoo Engineers Ltd and Kohli Printing and Converting Machines Pvt. Ltd. is poised to deliver transformative value to the flexible packaging industry and a host of other industrial applications. By offering integrated solutions from Extrusion to Printing, Laminating and slitting, the alliance will give one-stop solutions to converters, eliminating fragmentation and improving workflow efficiency. Joint R&D initiatives and automation-led design will accelerate innovation, enabling faster adaptation to evolving market demands. With unified manufacturing and service support, the partnership enhances cost-efficiency and responsiveness, ensuring converters experience reduced downtime and improved ROI. Most importantly, this amalgamated platform empowers packaging material producers across FMCG, pharmaceutical, agricultural, industrial and chemical applications to achieve faster go-to-market timelines with scalable, high-performance solutions.

“We’re blending Indian ingenuity with global ambition. Kohli’s printing and converting excellence and Rajoo’s extrusion leadership will now speak in one language - Performance. Together, we aim to make India the preferred hub for integrated packaging technology solutions for the world.” said **Mr. Rajesh N Doshi, Chairman, Rajoo Group.**

Founded in 1972 and headquartered in Mumbai (erstwhile Kohli Industries), Kohli Printing and Converting Machines Pvt. Ltd. is a globally recognized manufacturer of rotogravure printing presses, laminators, and converting equipment, serving 40+ countries. Known for its precision engineering, robust design, and innovation, Kohli brings over five decades of expertise in high-speed, automated printing and lamination lines tailored for flexible packaging, labels, and specialty applications. Kohli Printing and Converting Machines will continue under the able leadership of *Mr. Kaku Kohli*, whose global experience and customer insight will drive product innovation, customer engagement, and strategic growth across domestic and international markets.

“We’re not just combining technologies, we’re combining philosophies and strengths. This partnership is about building smarter, more agile printing & packaging ecosystems that serve the evolving needs of converters worldwide,” said **Mr. Kaku Kohli, Managing Director, Kohli Printing and Converting Machines Pvt. Ltd.**

About Rajoo Engineers Ltd

Founded in 1986 and based in Rajkot, **Rajoo Engineers Limited** is a globally recognized manufacturer of plastic extrusion machinery. With a strong presence in over 70 countries, Rajoo specializes in blown film lines, extrusion coating and lamination line, sheet extrusion systems and thermoformers. Known for innovation, energy efficiency, and automation, Rajoo continues to deliver world-class technology that competes with global leaders in the plastics processing industry.
